Audio Visual Setup

Testimonials

"Dug is an outstanding leadership trainer with an exceptional gift for creating an engaging presentation. His style is energetic and passionate... a superb approach in coaching others to take ACTION! He shares practical, realistic Implementation Strategies and encourages active participation from his audiences. I highly recommend him for any leadership or motivational speaking engagements."

Nancy Major
Stillwaters Cancer Support

"Dug had me fill the room with my employees, and in under ONE HOUR he delivered me back MY TEAM!!!! Two weeks later my TEAM is still thanking me for finding him! This was a turn-key solution for team-building, motivation and high energy output from formerly less than positive employees. I STRONGLY recommend having Dug transform your organization!"

Paul Boudreau
National Ethics Bureau

Summary:

Meeting the following requirements will help to insure a great experience for your audience.

Equipment:

- Wireless lavalier microphone + spare battery
- Flipchart + fresh markers
- LCD projector + screen

If using image magnification and/or videotaping, please use as much house light as possible.

Room Setup:

The following suggestions are important not just for the effectiveness of Dug's presentation, but for the overall success of your event:

- The distance from the first row of seats/tables to the stage should be no more than 10 feet.
- The ideal stage/riser height for audiences of up to 200 people is 6"-12"; for audiences of more than 200 people, 12"-24" in height is appropriate.

Dug is a high-energy speaker who utilizes movement to connect with his audience. This means that he likes to move from left to right across the stage and occasionally out into the audience. If possible, please take this into consideration when arranging for stage set and audio logistics.

Thanks and we look forward to working with your team!
